SHOW RULES AND GUIDELINES

All rules and regulations outlined in this document will remain in effect during move-in, show days, and move-out. Any and all matters not specifically covered by this document or the Application/Contract for Exhibit Space shall be subject solely to the judgment of BASS (Show Management) and may be amended at any time.

As confirmed by the Exhibitor's acceptance of the Application/Contract for Exhibit Space terms, the exhibitor agrees to abide by the rules and regulations outlined below.

Show Management reserves the right to move booth locations onsite if deemed necessary.

•Booth Payment and Cancellation Policy

Show Management will not permit exhibit installation unless all funds due are paid in full. Cancellations must be made in writing. Balance of booth payment is due January 27, 2012. Cancellations made prior to January 27, 2012 are subject to a \$500.00 cancellation fee that will be taken from the Exhibitor's deposit. The remainder of the deposit will be refunded no later than 30 days from the completion of the event. Cancellation of booth space made after January 21, 2011 will result in forfeiture of deposit.

•Subletting

Subletting of exhibit space is not permitted.

•Credentials

All exhibitors must wear an official show badge, as furnished by Show Management, to gain access to the exhibit floor during move-in, show days (prior to show opening), and move-out. No other form of identification will be considered valid if worn without the official show badge.

•Character of Exhibits

Exhibitors shall display their products and conduct their business only within their assigned exhibit space. Exhibitors may not distribute materials from any location other than their exhibit booth.

No placards, stickers, or other signs relating to non-exhibiting firms will be allowed in individual exhibits or **anywhere else in the show**. Giveaways such as shirts and hats need to be approved by show management.

No advertising or printed matter, which, in the opinion of Show Management, is undignified or otherwise objectionable shall be distributed or displayed. Exhibitors have the right to distribute catalogs and other printed material from their exhibit space, but from no other areas unless approved by Show Management.

•Booth Definitions

In-Line Booth

A booth located in a straight line with at least one adjacent neighbor on either side is considered an in-line booth.

Island Booth

A booth with an aisle on all sides with no adjacent neighbor is considered an island booth.

Peninsula Booth

A 20'x20' booth or larger with an aisle on three sides and an adjacent neighbor on the fourth side is considered a peninsula booth.

•Booth Design and Construction

Each 10'x10' booth will be set with 8' high back drape, 36" high side drape, and an identification sign. Exhibitors should conform with exact booth location and dimensions as stipulated in the Application/Contract for Exhibit Space.

In-line booths, including signage, back, and sidewalls cannot exceed a height of **eight (8) feet**. Exceptions must be cleared by Show Management. Sidewalls may be 8' tall but only 4' from the back wall. Sidewalls past 4' from the back wall may only be 4' high.

The height of island and peninsula booths, including signage, is not restricted to eight (8) feet. It is the responsibility of the exhibitor to make sure that any items that exceed ten feet in height are safely secured. Peninsula booths may not, however, include in their booth any exhibit items that interfere with their adjacent neighbors. Show Management maintains the right to determine what items do or do not interfere with an adjacent neighbor.

All exhibits must be presentable in nature. This includes being clean of debris and trash, vacuumed, and all items in the booth must have a clean/finished look. Show Management reserves the right to require exhibitors to alter their booths to meet show standards. Such alterations will be done at the exhibitor's expense.

SHOW RULES AND GUIDELINES (CONT.)

•Care and Staffing of Exhibits

All exhibits must be properly staffed by credentialed personnel during official show hours. Exhibitors will be allowed onto the show floor one hour prior to show opening on show days. Absolutely no dismantling of any portion of any exhibit will be allowed prior to show closing.

The move-in and move-out schedule must be strictly followed to ensure the safety and convenience of all exhibitors. No move-in or move-out activity will be allowed outside of scheduled hours without the approval of Show Management.

The installation and dismantle of all exhibits shall be made at the expense of the exhibitor. Special services should be made through MC2. A service desk will be set up on the show floor during move-in for the coordination of special services

•Booth Sidewalls

No sidewalls, signs, product or other parts of your display may be set to block or obstruct the view of another display. Exhibits are limited to the space agreed upon in the contract. No items may extend into the adjoining space or aisles including trailer tongues, wheels, literature racks or other displays.

•Booth Signage

Island and peninsula booths on the 1st floor may hang signage from the ceiling above their booths as long as the signage does not interfere with neighboring exhibitors. In-line booths are restricted to an eight feet height limit so as not to interfere with neighboring exhibitors. Signage hung from the ceiling above a booth is subject to the rigging points of the facility. In some cases, such signage may not hang in the exact location you would prefer due to the rigging points above your booth.

•Booth Floor Coverings

All booths are required to have a floor covering (carpet, tile, wood, or other) over the entire space of the booth. Partial floor coverings will not be accepted. Show Management will instruct MC2 to cover any booth without floor coverings at the expense of the exhibitor if not in place by 3:00pm, Thursday, February 23, 2012. Show Management will provide aisle carpet. Exhibitors who install their own floor coverings are responsible for removing tape/adhesive and residue. The MCC requires the use of residue-resistant tapes. Proper tape can be obtained from MC2. **Reminder: The 2nd floor is carpeted.**

•Display of Vehicles

All vehicles placed in exhibits must conform to the following conditions: Fuel tank must have ¼ tank or 10 gallons (whichever is less), Fuel cap must be lockable or taped shut, battery cables must be disconnected, vehicle is not to run inside of the building, refueling of vehicle may not take place inside of the building, Show Management must have control of vehicle keys

•Loading Docks

All unattended vehicles left in the loading docks are subject to be towed at the owner's expense without notice. Please coordinate all use of loading docks with MC2.

•Licenses/Permits/Taxes

In order to comply with the laws of the State of Louisiana, a person/organization requesting tax exemption must provide Show Management with a copy of his/her or its organization's Tax Exemption Certificate from the State of Louisiana.

•Parking

Self-parking is available around the SCC facility and the parking ramp across the street from the Hilton. If additional over-sized parking is necessary, please contact MC2 or Event Management for availability.

•Damage to the Facility

All exhibitors are responsible for returning the space they have leased from Show Management to the facility in the same condition in which they received it or better. Damage to leased space or surroundings by an exhibitor during move-in, show days, or move-out is the responsibility of that exhibitor. Costs to repair damages will be billed to the exhibitor. Any damages should be reported immediately to Show Management.

•Copy Righted Materials

Exhibitor shall not play or permit the playing or performance of, or distribution of any copyrighted material at the Event unless it has obtained all necessary rights and paid all required royalties, fees or other payments.

•Observance of Laws

Exhibitor shall abide by and observe all federal, state and local laws, codes, ordinances, rules and regulations, and all rules and regulations of the Event Facility (including any union labor work rules). Without limiting the foregoing, Exhibitor shall construct its exhibits to comply with the Americans with Disabilities Act.

•Sound Devices

The use of devices for mechanical reproduction of sound or music may be permitted, but must be controlled. Sound of any kind must not be projected outside of the exhibit booth. Show Management maintains the right to ask an exhibitor at any time to lower the volume of a sound device or turn it off if it is deemed to be disruptive to neighboring exhibitors
