

## 2018 Bass Pro Shops Bassmaster Open Linking FAQs

- Linking will only be available to pro anglers registering for a full Bass Pro Shops Bassmaster Open division.
- Pros may request to link with a different co-angler for each tournament within the division all names must be submitted at the time you register.
- Pros are required to have the co-angler's name, email address and B.A.S.S. member number to request a link.
- Co-Anglers will have 48 hours after a pro has submitted their name to link to register for a tournament and complete the link.
- Linking is only available during the initial registration period (9:00 am central time October 31, 2017 – 8:59 am central time November 6, 2017).
- Linking is not a guarantee of entry into tournament. Tournaments may fill up during the linking registration period so it is best to sign up and link as soon as you can. Timestamps are assigned at the time you register and determine anglers accepted into the tournament.
- Linking is a onetime opportunity; if a co-angler does not register and complete the link then the pro cannot request a new link.
- During the linking for Life and B.A.S.S. Nation members, only the pro must be a Life or B.A.S.S. Nation member. The co-angler can be a standard B.A.S.S. member.
- All registrations (pro and co-anglers, linking and non-linking) must be a current member of B.A.S.S. If you are unsure of your membership status, please call 1-877-B.A.S.S.-USA (1-877-227-7872).
- Note: The linking page become available after your payment is processed; please do not close page until you have entered you links information.
